

# TROLLS vs ORCS!

...or noughts and crosses

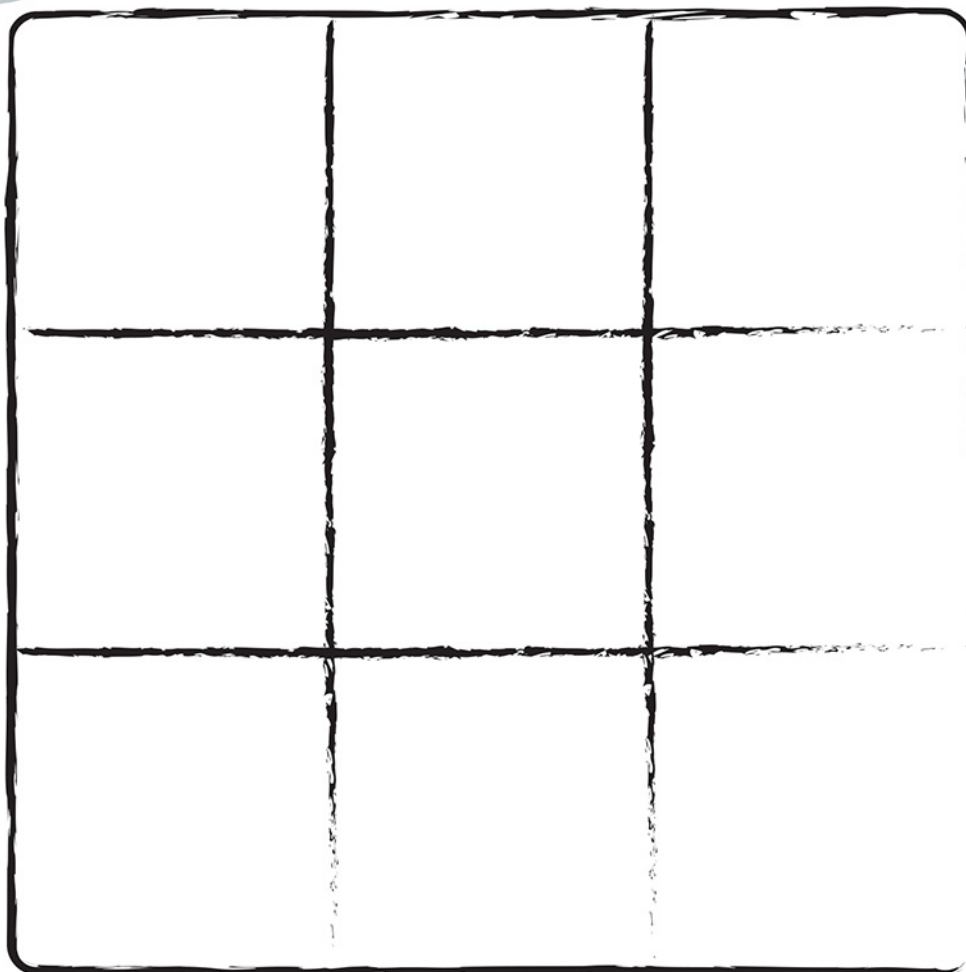

Battle your friends in a special Wrestling Trolls version of the popular game noughts and crosses.

To play: Cut out the Troll and Orc icons from the following sheet and each pick a side.

The aim of the game is to get three icons in a row. Flip a coin to decide who goes first, and each lay your icon in one of the squares. The person who gets three of their character in a row, either horizontally, vertically or diagonally - wins!
